PREMIER GLOW TOP FLOATS

These bobbers are crafted from a special hardwood with features of being buoyant and unbreakable. The top glows in the dark which enhances night fishing. The glow top is rechargeable by sunlight or artificial light so that the glow never dies on you. Each bobber is dipped in swirl paint to achieve the special effect of splash on body. Each bobber is individually packed that comes with beads and bobber stoppers. Packed with value and performance in addition to the color excitements. Bobber lovers' favorite.

ZING LIGHT HOUSE BOBBERS

Lighthouse Bobbers are crafted from a special hardwood that is buoyant and virtually unbreakable. With the weight inside the bobber, maximum durability is ensured. The upper half of the bobber is a durable clear plastic tube with a bright orange plastic insert and a bright chartreuse waterproof nylon top cap. Each bobber comes complete with a line threader, two beads, a bobber stop and a 3" light stick. The orange plastic insert inside the tube is for day time use and the light stick is for night time fishing. Each bobber is dipped in swirl paint, so no two are exactly alike. For best results, we recommend American Spirit 3" powder-powered light sticks.

ZING LIGHTHOUSE SPRING FLOATS & REGULAR SPRING FLOATS

Inspired by our phenomenal sales of the Zing floats, we are delighted to add The Lighthouse Spring Floats to the series. The Zing Lighthouse Spring Float is a specialty bobber designed for people who want the ease of a spring bobber with the night-time compatibility of a 3" light stick. The yellow and black bobber is a 7" violin shape. The orange and swirl paint is a 6" round heart-shaped bobber. Bobbers are coated with a clear epoxy paint finish for added protection. Surely, they are the best and most easy to use bobbers for both daytime and night-time fishing.

ZING POLE FLOATS

Crafted from the buoyant and unbreakable hardwood, these floats have tapered tops that blend from round to a three leaf clover shaped bottom. This improves casting and helps stop floats from spinning and swirling. With the weight inside the bobber, maximum durability and balance in water are ensured. Due to swirl paint, no two floats are exactly alike. Each float comes complete with a full length inner straw, a top and bottom brass rivet, free line threader, two beads, and bobber stop. We are proudly introducing the new pink floats for lady anglers.

PREMIUM HARD SHELL FOAM FLOATS

Inspired by our overall sales amount of various floats, we designed and introduced this economical series of Hard Shell Foam Floats to meet anglers' everyday fishing needs. Built in a similar style to our popular Zing floats, they are weighted inside the body to ensure maximum durability and balance in water. In comparison with the wooden floats, they are extremely buoyant. Ranging from 3" to 11" in size and coming with bobber stops, they work great for bigger species fish in both freshwater and saltwater. Two color schemes to choose from. Great value for the price.

PREMIUM SPRING / SLIP FLOATS

American Spirit Premium Spring/Slip Floats serve as a good fish strike indicator. Whether fishing with bait or small jigs, these premium floats allow you to position your bait at the exact depth where fish are feeding. Then, with proper weights, you can easily balance the float so that each fish strike is extremely visible. This means you will not miss any fish bite, not even the slightest fish bite. They work great for smaller species like pan fish, crappie, blue-gill, trout and etc. They work as well for other species too. Extremely easy casting.

UNDERWATER LIGHTS / INNOVATIVE ATTRACTANT

We are excited to introduce this fantastic product to the American fishing community. This innovative light is so uniquely designed that it can go 3000 ft. deep without leaking. Each AA battery can power the "LED" bulb for about 230 hours. This light has been sold in Japan and proved to be a superior fish attractant for the bottom species. As the exclusive importer of this product, we are delighted to bring a new dimension to recreational fishing.

CATCH & RELEASE KNOTLESS NETS

Proudly we introduce perfect sized nets for river trout, panfish and crappie, bass and walleye, striper and catfish and those monster cats and muskies. Our netting is built with the best rubberized knotless material for extreme strength and durability. These nets will offer many years of service netting fish.

The rubberized knotless material is recognized for little or no harm to fish scale and skin slim allowing more fish to survive. Our nets advocate Catch & Release. In addition, these nets work great for crank bait netted fish, keeping the treble hooks from hooking the net material. Hoops and frames are black anodized so they won't spook the fish coming into the net.

Our nets are sold with a separate hoop and your choice of handle lengths. Smaller hoops are equipped with 1" diameter octagon receiver and large hoops use 1 1/8" diameter octagon receiver. We offer an extendable handle for longer reach and ease of storing the net.

PAUL ALPERS SIGNATURE CRAPPIE NETS

We are proud to team up with Paul Alpers, -2017 National Champion of Crappie Masters, to bring his Signature Crappie net to the market. We encourage you to use this net to “Net All the Way to the Top” as Paul puts it.

This series includes two nets: PSN1 and PSN2. The net features rubberized knotless material which is recognized for little or no harm to fish scale or skin slim allowing more fish to survive. It's fish friendly and advocates Catch & Release concept. This net works great for crank bait netted fish, keeping treble hooks from hooking the net material, best for the tournament competitors. Hoops and frames are black anodized so they won't spook the fish coming into the net. Handles are of aluminum construction.

Model#	Description
PSN1	17"X 21" X 15" NET WITH 6' 2PC HANDLE
PSN2	17"X 21" X 15" NET WITH 10' 2PC TWIST LOCK HANDLE

DOUBLE DANCER SPOON LURES

American Premier proudly introduces the new Double Dancer - The Finest Finesse Spoon in the World! The design and action of this spoon is so unmatched by anything else on the market today, it has its own unique **US Patent # 357,053**. The award-winning distinctive shape gives it a subtle yet erratic action that triggers strikes regardless of whether you cast it, troll it, or jig it. It has been proven extraordinarily effective for Walleye, Trout, Salmon, Pike, Panfish and Bass. It catches all species of game fish-Freshwater and Saltwater. Each pack includes two (2) Mustad Hooks, one treble and one single to satisfy fisherman's preference. More importantly, it is the first truly Environmentally Friendly spoon that is 100% Lead Free.

THE ULTIMATE LINE WINDING SYSTEM

Every fisherman knows that counter rotation is the secret to filling a spinning reel without introducing line twists. It is the fisherman's enemy which causes unwanted loops and tangles that decrease casting distance. Our revolutionary line winding system with its rotating carriage automatically eliminates twists by turning the line spool as the line is transferred to the spinning reel rotor spool. It works exceptionally well with both spinning and casting reels. With bushings that come with it, this tool holds flat spools, 1/4 lb. spools and 2 1/2" wide 1/2 lb spools in perfect alignment with the reel. This amazing tool won THE BEST FISHING ACCESSORY AWARD IN NEW PRODUCT CASE AT ICAST 2012 and received enormous industry praise. It is so innovative that it is patented by USPTO, **Patent No: US 8,925,855. B1.**

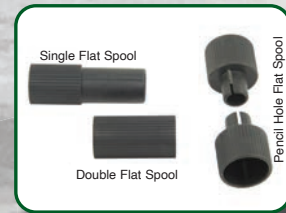

GLS1

In-Fisherman Magazine calls it:
"A breakthrough item for spooling Line".

Salmon & Steelhead Journal comments:
"This is one of those items that everyone should own".

HEAVY DUTY DIGITAL SCALE

The Heavy Duty Digital Scale SDS1 powered by two AAA batteries can weigh up to 110 lbs. This weight range covers both freshwater and saltwater species. Scale reads LB & KG with accuracy. LB & OZ plus one decimal place; KG & Grams plus two decimal places.

SDS1

A new and innovative product made for saltwater or freshwater fishing. It reads 0 to 110 lb. or in kilos with accuracy. The main feature is the two folding handles which allow you to lift your catch with two arms, or it can be picked up by two people when holding a large fish. The handles are foldable so that it fits into your tackle box or pocket well. The metal rings on top can be hung to something to help you weigh your thing. The karabiner on the bottom works well with weigh slings. Operated by two AAA batteries, it has a 10 position memory up to the minute. This water-resistant scale is good for weighing luggage as well.

DAY AND NIGHT MULTI-FUNCTIONAL ROD HOLDER STATION WITH FISH ALARMS

Experience the Spirit of Fishing with our newest version of the legendary extreme fishing rod holder station with night lights and electronic fish alarms. These state-of-the-art rod holders, professionally designed and engineered, are extremely firm and sturdy. The 360 degree rotation support is one of many amazing features of this modern device. There are two versions: Two rods version and four rods version. They feature high quality aluminum construction with engineered high strength graphite plastic parts to ensure durability, light weight and long life. Collapsible legs and multiple adjustments offer maximum convenience and extreme portability. The tripod leg system is fully adjustable to compensate leveling along rugged shore lines, uneven ground, rocky and other irregular surfaces. The rubber cushions on the feet increase the stability on a hard ground. Good for use on boat decks and docks as well. A tackle box mount attaches to the tripod to brace the assembly and to provide storage for the day's fishing. What is more remarkable is the night fishing lighting features which include UFO Shape LED lighting and batteries, so you may search the water and light up the rod holder station for use in the dark. They come with two types of fish alarms of your choosing, both are extremely sensitive with pressure switch. The whole station folds down and is neatly stored in a convenient travel bag. It is so ingenious and unique that it has been patented.
